Versatile and unlimited officer training.

summary

This training enables you to obtain the highest possible qualifications in the merchant navy, both on deck and in the engine room. You can then work on all sizes of civil ship. The courses given enable you to acquire all the resources needed for future deck and engine officers, with no limits on tonnage or power, so it can be described as versatile and unlimited. After a scientific baccalaureate, I studied for 4 years plus a year's work experience at the Ecole Nationale de la Marine Marchande in Marseille. Last qualification obtained: DESMM (Bac+5) (Master 2).

NB: For information on other maritime training courses, consult the site of the French Institute of the Sea

National Merchant Navy School

The ENMM used to be called the School of Hydrography, which gave it the eternal nickname of Hydro. Today, the school has changed its name once again and is now called ENSM for Ecole Nationale Supérieure Maritime (site school website).

3 years of school

- 1999: scientific Baccalaureate and 1st class competitive examination in the Merchant Navy.
- 1999-2002: training at the ENMM in Marseille (see the description officer training at the school)
- 2002: 1st Class Merchant Navy Officer Cadet Diploma, which includes
  - First aid training,
  - training in fire-fighting techniques,
  - General Radio Operator Certificate
  - BAEERS.

school flyer

.

12 months as a trainee student

As a trainee:

- Container ship CMA-CGM Douce France . First contact with navigation
- Cruise ship Seven Seas Mariner Learning in a very stimulating environment.
- Scientific research vessel Atalante

These courses led to the award of a deck and engine unlimited watch leader certificate by the Maritime Affairs authorities. This certificate enabled me to begin my career as a lieutenant.

1 year at school

2005/2006 Final training at the ENMM in Marseille.

2006: Advanced Merchant Navy Studies Diploma.

Final dissertation

: How to reduce operational pollution from ships.

Diplomas and patents obtained

*

Diplomas :
