Wiki

Course outline of a wiki training course

with lessons.

Why is this?

** What is the purpose of a knowledge base? ** First and foremost, to **save time** ! A knowledge base is an investment that will make it easier for all employees to find the information they need for their work. Secondly, it gives coordinated value to the knowledge produced within the company. More here on corporate knowledge bases.

** Why wikis? **

For their **simplicity** first and foremost. For administrators and users alike, a wiki using Dokuwiki software is a simple way of editing, organising and archiving information.

why Dokuwiki?

advantages of this software over other wiki software :

- flat files systems which means there is no need to install and maintain database software. Data is simply stored in files. These files can be easily retrieved for back-ups or for use with other software.
- simple syntax
- simple to use
- high reliability and stability

Business development

This involves

- ongoing ongoing IT training
- Salaried employment: job hunting (see my CV) or :
- entrepreneurship
- computer project maritime vocational school Jacques Cassard
